The resolution also declares that the boar the

at certain points on Broadway, notably in the vicinity of the latest accident, the sides of the cut should be so protected by bracing, independent of the structures supporting the streets, that the safety of the latter would not be impaired by such movements of rock.

"We wish to emphasize the fact that in work where street traffic is being"

maintained over deep excavations some risks must be taken which no study or skill can entirely eliminate."

In transmitting the report to Chairman McCall of the Public Service Commission to the Mayor and the engineers in mission the Mayor sent a letter saying:

"I believe the people of the city may now feel that every means has been adopted for their immediate and future."

The engineers also praised the frankness adopted for their immediate and future.
